Quarantine Exemption Sticker

eMail

Please send all documents, questions or comments to:
COVID-19@seoulforeign.org.

Negative Test Results

Quarantine Exemption requires **negative COVID-19 test results**, which can take up to two days after arrival. Please keep students home while the traveling family member(s) wait for their Quarantine Exemption. This applies from the point the student meets the traveling family member(s) and will not apply if the traveling family member waits for the results from a separate accommodation.
